

Press-forging and heat-treating equipment

Reheating and heat-treating furnaces

Reference-list

Description	Year of delivery	Q-ty	Company/Country
Continuous roller-hearth furnace for "3600" rolling mill	1973	2	"Azovstal" Mariupol, Ukraine
Reheating furnace for "150" wire rod mill	1980	1	"Ajaokuta", Nigeria
Reheating furnace for "320" light – section mill	1980	1	
Reheating furnace for the "900" rolling mill	1981	2	
Reheating furnace for the "700" rolling mill	1983	2	
High-speed reheating furnace	1999	1	"NKMZ" PJSC Kramatorsk, Ukraine
Car-bottom type reheating furnace 4,5 x 13,5 m	1999	2	
Car-bottom type reheating furnace 3,2 x 8,0 m	2000	3	
Car-bottom type reheating furnace 3,9 x 10,5 m	2000	2	
Car-bottom type reheating furnace 5 x 12 m	2007	1	
Car-bottom type heat-treating furnace 3,9 x 10,5 m	2008	1	
Car-bottom type reheating furnace 3,9 x 8,7 m	2010	4	
Car-bottom type reheating furnace 3,9 x 10,5 m	2010	3	
Car-bottom type reheating furnace 3,2 x 6,5 m	2012	1	
Car-bottom type reheating furnace 3,2 x 7,8 m	2012	2	
Shaft heat-treating furnace Ø1,5 x 4,5 m	2013	4	
Car-bottom type reheating furnace 3,9 x 10,2 m	2015	3	
Car-bottom type heat-treating furnace 3,1 x 5,0 m	2017	1
